BY THE EDITOR

We cannot but speak the things which we
have seen and heard—Acts 4:2.

His many friends here are sorrow-
ful with Brad Dye over the loss of
his venerable father.

Added to E. L. Bass and Pete Em-
ery, reported seriously ill last week,
the name of Sam McCorkle, very ill
in Kennedy Hospital.

In line with that, it should be
mentioned that Mrs. Sam is always
busy on some project or drive de-
signed to help others.

One of the spriest folks to be seen
in and about Grenada, is Mrs. John
Long who walks wherever she goes.

More honors for Grenada and for
Sam Simmons, recently elected head
of the Mississippi Retail Lumber Deal-
ers Association at Biloxi recently.
We aint got a cut of Sam.

The new telephone line thru Gore
Springs did us some good Wednesday
it permitted Mrs. N. P. Shappley
to call in and order the GCW for
a year. The family lives right on the
Grenada-Calhoun line.

Capt. Billy McMaster says firing
with LIVE ammunition will be tak-
ing place both Saturday and Sunday
in the McCain rifle range. Better
keep your stock as well as yourself
out of that area.

The Rotarians complimented their
guests with their annual get-together
in the city auditorium Monday night.
A fine talk by a fluent, comical
speaker and had a fine meal served
by Tommie and Melba Darras. Eve-
ning went away full of thought and
food.

Clayton Carpenter announces that
he will be given for best corn and
potatoes by the C. of C. this year, as
they were given in 1953. See Mr. Car-
penter for details.

Hemphill Abel, speaking of the late
John Williams, was saying today
that Mr. John was never too busy to
stop and give advice to any younger
man who advised with him.

Ellice Edna quit, Tommie Darras
has a new pretty gal working for
him. I dont think Melba selected her.
The new one is mighty nigh as pretty
as Melba.

I have quit (for the time being)
trying to do anything about
arthritis, except take it as it
comes. When it hurts, I hurt.

A big revival service will start at
the Baptist Church, Monday Apr-
il 15th, and we will get more detail
next week.

Our little granddaughter, Andrea,
informed that the new cafeteria at
the school had opened, permitting us to
eat thus GHS Grows.

The G. H. Peacocks are over in
the new building. They get the GCW there.
Two years ago, in the campaign
for getting a City Manager form of
government here, I sent out a bunch
of self-addressed stamped envelopes
in a reply to come sort of CM
here. Here came back Thursday one
envelope, with "We Will Try
Anything Else" printed on it. This
envelope contained a renewal check.

Dr. Bailey, if we can reply on what
said, must have a remarkable
boy. A la Dr. Bailey, the kid
is to sleep at 8 at night, and sleeps
right. What a gem!!

Mrs. Fabyt Yeager complains
that she aint getting her GCW at
her new address. She will get it from
me on.

-OPEN AA MEETING-

At the City Auditorium on next
Monday, April 11, there will be an
meeting, open to the public at
which a famous Texas doctor, and
a self a former alcoholic, will speak
at 8 p. m.

The public is most cordially invited
to remember the date and hour and
come and hear what this famous or-
ganization has done and is doing.
We can look about in Grenada

TRUST BANK TO HAVE FACE-LIFTING

The Grenada Trust and Banking Company was scheduled to let the contract for its handsome new building Tuesday, but there was a slight mix-up, so the contract letting was postponed until next Tuesday, April 13th.

Great Uncle George Whitaker would be now lost in Grenada. He once (back in the early 80's) owned the lot on which the Grenada Trust & Banking Company now stands, and operated a "confectionery", and on which the brand-new "Trust" Bank will be built.

The present building is two-story in height and was built around 80 years ago and was first used as a banking house by the old Merchants Bank which went bust sometime in 1903. The "new" bank, Grenada Trust and Banking Company was organized in May, 1908. Mr. H. J. Ray, Sr. started working there immediately after the organization of this bank and has been its president for 40 years.

The bank has this remarkable record: it has never "passed" a dividend period in all of its history.

The old building will be torn down to the ground and a modern small bank will be built as soon as possible, after an early start. The new building will be about 66 ft. X 22 ft. in size, will have a full-size basement for storage and a mezzanine floor about 20X20 feet, for space for the bookkeeping work. The ceiling height is to be about 17 feet. It will be heated and cooled by a combination heating and cooling system. Fluorescent lighting throughout will be installed. Space will be provided for a directors room. The building will be faced with buff colored brick, a color style that Mrs. Ray has envisioned as the eventual color scheme of all of uptown Grenada. When finished, a system of safe deposit boxes will be incorporated in the building.

Pending the installation of a huge new vault in the southeast corner of the new building, the old vault will stay as is and then be sold for junk. It should be noted that W. K. Huffington, the present cashier, has been with the bank over 35 years. During reconstruction, the bank will do business across from Klumbrough's.

To Close Wednesday Afternoons

Most business places will be closed on Wednesday afternoons in Grenada for the period from April 21 and Keep this in mind!!

Cafeteria At School To Open

All but a few polishing off small jobs, and the Grenada City School Cafeteria will be complete and ready for service according to Supt. of City Schools, J. C. Hathorn.

The cafeteria will serve 250 customers at one time from the two counters which are approached by two lines. It was built at a cost of approximately \$5,500.00 and is of brick, with concrete and steel foundation. The floors are of asphalt tile, and the interior walls are also of tile. Mrs. Smallwood, school dietitian, and her excellent staff will serve the meals.

The architect is Mr. E. L. Malcaney of Jackson, Miss. The general contractor is Webster Construction Co. of Meridian.

Plumbing and heating was done by Lundy Brothers of Philadelphia, Miss.; and all electrical work by the local firm of Clanton Allen.

Unless urgent work is in progress, this (Thursday) afternoon the local chapter of PTA will have a reception to which the public is invited.

Visit your school. Let the faculty know you are interested.

-Accidents Among Children-

Sunday afternoon there was a near-tragedy on Grenada Lake when the motor boat in which Gordon Wilson and family and friends were riding, was overturned and capsized. In some manner the little daughter of the family, Jeanie, was pinned beneath the overturned boat. Somebody (in the excitement there was a good deal of confusion) got the little girl out, gave her first-aid and hurried her to the hospital, where she was pronounced out of danger.

Mr. Rammage of Kosciusko and West gave artificial respiration. But little Mary, small daughter of Sam L. Marascalso, who got accidentally caught up in the mechanism of a shoe repairing machine Monday, did not get off so lightly as she sustained terrible injuries and is now

GRENADA COUNTY BOYS WIN AT BATESVILLE

The red ribbon exhibitors were Larry Lott, Marshall Staten, W. A. Hayward, Jr., Freddy Lickfold and Joe Taylor. Billy Phillips also exhibited a purple ribbon gilt in show.

Closing Exercises Of Holcomb School Announced

Mrs. Ludie P. Williams Dies In Holcomb SHE WAS 92 YEARS OLD

Mrs. Mary Lurana (Ludie) Williams died Tuesday, April 6, 1954 at 2:30 at the home of her daughter, Mrs. Ed Holcomb, in Holcomb. Funeral services were held at Garner Bros. Funeral Home in Grenada on Wednesday at 2:30, with Rev. Roy Lawrence of the Holcomb Methodist Church officiating. Burial was in the Holcomb Cemetery.

Mrs. Williams was the daughter of the late Oliver Hazard Perry, of Lancaster County, S. C., and the late Elizabeth, Williams of Kershaw County, S. C. and lived most of her life in Grenada County. She was 92.

Mrs. Williams was known for her charitable disposition and devotion to her children.

She was a devout Presbyterian and until recent years because of failing health she was active in church and civic affairs.

She was married to William Preston Williams, who preceded her in death 64 years ago. Mrs. Williams was the mother of 8 children, five of whom survive, they are, W. E. Williams of Greenville, J. O. Williams of Black Mountain, N. C.; Mrs. E. D. Holcomb, of Holcomb; Dewitt Williams of Wayside; W. P. Williams of Cleveland; 9 grandchildren and 15 great grand children; and one sister, Mrs. Betty Rowles of Starkville.

Pall bearers were: Rice Pressgrove, Ben Perry, Jr., Irvin Johnson, Orley Lilly, Elmo Perry, Charles Perry. May we extend our sympathy to the bereaved ones?

a son, for Lt. and Mrs. M. L. Waldrop on April 6 at Ft. Campbell, Ky. The baby weighed 7 lbs. 4 ozs.

The maternal grandparents are Mr. and Mrs. W. W. Robinson, Sr. of Grenada, and maternal great grandmother is Mrs. J. W. Good of St. James, Md.

The paternal grandparents are Mr. H. I. Waldrop of Jackson. Mrs. Robinson will leave Saturday to visit her children.

Mrs. Dalton of Yazoo City is the guest this week of her daughter, Mrs. Charles Calhoun and family.

Mrs. Albert George accompanied Mr. and Mrs. Roy Doak on their trip to Natchez and the Coast last week.

in precarious condition at Grenada Hospital where it is touch and go about her recovery.

Reverend Taylor, Clarke, will give the sermon to Holcomb seniors on Sunday afternoon at 2:00 o'clock, April the eleventh at the Holcomb Methodist Church.

Commencement exercises will be held at the school auditorium on the evening of April Sixteenth. Seniors will conduct their own exercises. Patsy Hommers is Valedictorian, James Childs is Salutatorian, Miss Beta White is class sponsor.

Jeweler Daves had a bunch of in-laws to feed over the weekend, so Andrew, R. C. Purdie and C. C. Hamby, Jr. brought him in a bunch of fish sady night after an excursion to Coontown on Tallatchie River below Oxford.

Everything goes up except the subscription price of the GCW to Mrs. Zac Taylor. Since we charged only a dollar a year to widows of old Confederates, that's what we started Mrs. Taylor on, and keep that figure on just to honor, in our humble way, the gallant fellows who wore the Grey. With Mrs. Taylor, in sady to pay up, was one of her many handsome grandsons, Bill Knight, of N.

Bro. W. F. Cook received the following document from a kinsman in Kansas:

"He is my shepherd, I am in want. He leadeth me in still factories. He restoreth my doubt in the Republican Party. He guideth me in the path of UNEMPLOYMENT—for his party's sake.

Yea, tho I walk through the alley of soup kitchens.

I am still Hungry.

I do fear evil, for thou art against me.

The Cabinet and the Senate shall discomfort me.

They prepare a reduction of my wages in the presence of my creditors.

Surely poverty and hard times shall follow me.

"SEEN, HEARD AND TOLD BY THE EDITOR"

I am always laying-by fishing places. I layed-by Coontown, on Sardis Lake Monday when Andrew, Sam Marascalco and I took that long trip. We caught a good many fish, but it's just too damned far to go to - over 60 miles.

We passed thru one of the most historic communities in Lafayette County, at College Hill, site of a fine Presbyterian community in olden days. We stopped to get a cold drink and was told by the lady operating the store, "New Rayburn's parents lived just over there (pointing down the road a short distance)."

In Grenada folks are rapidly getting to the point that there is just not but mighty little time to work. If they aint talking about what they caught, and where, yesterday, they will be talking about going fishing tomorrow or Wednesday and where they will go fishing Saturday or Wednesday or next Sunday, and so no. Louis Marascalco and my boy Andrew are as bad about that as is anyone.

I understand Sam McCorkle is a patient in Kennedy vets hospital in Memphis, and hope he will get along OK.

Mrs. D. W. Huggins of Memphis mailed in her dues this week, and so did Harold Rotler.

CS SN Glenn H. Meriweather is to get the GCW for six months at his San Francisco Fleet Post Office address and I hope he learns a heap from it.

Thanks to Mrs. Talford Worham, a former Williams, for a renewal to the GCW.

It looks like some of these Jewish fishermen would take po' old Sam Wade along sometime.

From my observation of him while he is on duty, Sam Marascalco fishes harder than any fisherman I know. He keeps his hook in the water ALL the time, but that is one of the cardinal rules of fishing - keep hook in

water

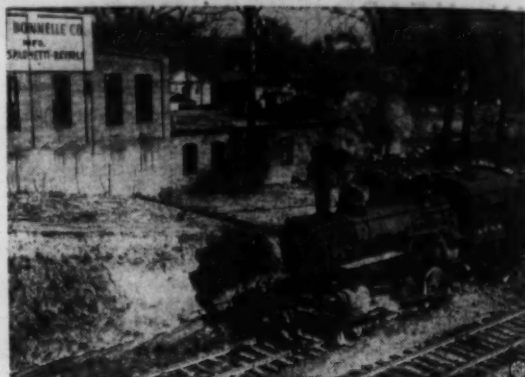

There is still a good deal of disagreement among members of the Liars' Club, composed of Tommie Darras, Donald Shipp, Burt Boyce, and Fess Bailey, as to which one is the biggest liar. Preliminary checks of the data shows, however, that Fess Bailey has the 'edge' so far.

As evidence that I was right about saying that Clifton Morrison and wife have about the smartest set of children in Grenada, may I add that I see where Paul, one of their sons, won top honors as Fuller Brush salesman in the Loop district of Chicago.

Mabel and I were talking about Bob Sartwell and agreed that, even if we did not know WHAT church he belonged to, he is a good Christian, in that he is always ready to help others, particularly the elderly people. He has good 'religion', whatever church he is affiliated with.

Talking about folks who are good Don't forget Jim Cuff in this cat- to their sisters, don't forget Rogers Gory either. Parker, who has a heap of sisters.

If you are old enough to remember when the doctor came to your home when you were sick, you should be classified as an old-timer. Because these are days when you gotta hobble down to his shiny new clinic on the appointed hour if you want to see him. I'm an old-timer because I remember when I was 12 years old I had typhoid fever and the good doctor rode his horse to our house every day for about three months to treat me and advise with my mother about my case and he charged my daddy \$1.50 for every one of those trips. The \$1.50 wasn't too much either because he had come about 6 miles and he always brought my medicine with him. Yes, I did get well and out from under that awful fever I had every day for 3 months, and for 25 years afterwards I never saw a sick day again. High and continued fever is considered a good treatment for many illnesses, if you can stand it.

Don't feel too badly if your friends call you old-fashioned, for it may mean you and your spouse are getting along reasonably well, and maybe it will mean you will wait until you can afford something before you buy it. On a recent trip we took note of the

TV antennas sticking up atop of every house - large and small - all over these towns and one place a big shiny derrick type antenna was being erected atop of a little 3 room house, and at a glance one could see that the door step had rotted away, and only half of the front porch had a floor, and most of the windowpanes were busted out. Now the people living there cannot be referred to as old-timers because they are posted right up to date on the great modern methods of buying whatever is wanted on the famous American time-payment plan. We hope they can make those payments and on time, because we know how much we'd regret seeing the man come and pick up our set which we are trying to pay for.

Glimpsed on the bulletin board in front of little white church, 'If you have troubles come in and tell us about them. If not, come in and tell us how you do it.'

Life in A Big City: Heard of the farmer who came into town and got on an elevator in a tall building and he stood there with his back forward. The elevator operator said, 'face the front please' and the man turned around, and the girl operator said 'stand back in the car please' and the man stepped back. Again the girl operator said 'now hold your

head up so your big hat will be out of the way.' The people in the elevator had been quiet and patient thru all these instructions but as the car got started, some wise guy yell out to the confused man, 'now smile.'

We are kinda sore at the Whitakers, the publishers of this paper. We read this week where they had come through Pine Bluff, had lunch here, and passed on to Hot Springs, and never took the time or the dime to call me for a word of friendly greeting. Mr. Whitaker, can you imagine Ada and me having that much time in Grenada and not coming around on Green Street to check up on you nice people? Well, we'll forgive you, but try to remember all good Mississippians living in foreign states are always anxious to see people from home. Besides I could have given you a good horse in the sixth race at Hot Springs that day and a couple of passes which we let expire on us unused.

Heard a man say: 'The communist

use the same old story Satan used on Adam and Eve. The commies come to this grand and glorious country and tell our people they have the kind of life we would really enjoy, a country better than any democracy. And this untrue and stupid statement is like to what Satan told Adam and Eve when he said 'I have something to offer you that is better than anything God has'. Well, it just isn't true now nor was it true then as we have discovered. —Fed.

Mary Meek is threatening to give us another kitten to replace Buckingham. But, in the meantime, two mother cats down 'home' at Oxberry have produced progeny. I really don't know how a kitten, reared in the luxurious surroundings at the Meek home, could make out in our humble place.

First Mississippi Luggage Presented To Governor

First travel luggage ever manufactured in Mississippi is inspected by Governor and Mrs. Hutch White at the Mansion in Jackson last week where it was presented to them by Sam Holtzman, second from right, president of the Sardis Luggage Company of Sardis. Smiling their approval are left to right, Mayor R. D. Barefield of Sardis, William E. Barksdale, director of the Mississippi Agricultural and Industrial Board; Governor and Mrs. White, Mr. Holtzman, and Rex I. Brown, president of Mississippi Power and Light Company, whose company was instrumental in helping secure the industry.

Mr. Holtzman explains to the governor that each of the matched pieces of Starlite luggage turned out at the BAWI plant were entirely fabricated by Mississippi labor. The new \$200,000 modern plant is capable of turning out about one case per minute. The luggage, covered in plastic of various colors, is sold nationally through such channels as Sears Roebuck and Company, Macy's in New York, Hudson's in Detroit, and other recognized quality stores. Mori's Luggage Store of Jackson is the first Mississippi store to take on the new Mississippi manufactured line.

POPOVERS

1 Cup bread flour 3 eggs
1/4 teaspoon salt 1/2 cup milk
1 tablespoon melted butter

Sift flour and salt together. Beat eggs lightly and add to milk. Combine dry and liquid mixtures and beat until batter is like heavy cream. Pour into heated, oiled muffin tins or custard cups, filling them only 1/3 full. Bake at 500 degrees for 15 minutes. Reduce to 250 degrees and bake 15 minutes. Remove at once from pans and puncture to let the steam escape. Makes 9 or 10 popovers.

"No Action Taken"

Grenada County paid Dick Smith to measure the roads in Grenada County and to make a report on how many miles there are in each beat.

Dick Smith made his report Monday:

Beat One has 109.3 miles

Beat Two has 106.5 miles

Beat Three has 15.6 miles

Beat Four has 61.4 miles

Beat Five has 102.0 miles

Percentage-wise, Beat 1 has 25.45 percent of the whole; Beat 2 has 25.00 percent of the whole; Beat 3 has 10.75 percent of the whole; Beat 4 has 14.95 percent of the whole; Beat 5 has 23.85 percent of the whole.

Expressed another way, Beat 1 gets 20 percent of the "car" money with which to maintain over 25 percent of the roads; Beat 2 gets 20 percent of the "car" money to maintain 25.00 percent of the roads; Beat 3 gets 20 percent of the "car" money to work 10.75 percent of the roads (and that is the BEST bargain in the county); Beat 4 gets 20 percent of the "car" money to work 14.95 percent of the roads (and this is the NEXT best bargain in the county); Beat 5 gets 20 percent of the "car" money to work 23.85 percent of the roads.

They might as well have saved the money they paid Dick, because the report I got at the Chancery Clerk's office was that "no action taken" on the figures received.

I wasted about ten years of my life cursing the New Deal and finally quit talking about it and cursing it, on the theory that, if the rest of you could stand it, I could too.

I spent other years of my life, telling about how inequitable Grenada County's "5 counties in 1 county" system is and, as I did about the New Deal, finally quit talking about, and on the same theory: that, if the rest of you can stand it, I can stand it too.

ADVERTISEMENT FOR BIDS

Sealed proposals for the construction of a school building to be constructed near Holcomb, Mississippi will be received by the Superintendent of Education, Grenada County, at the courthouse, Grenada, Miss., until 11 o'clock C.S.T. on May 1, 1964 and then publicly opened and read.

Plans and specifications for the items listed below are on file in the office of Mr. John Gray, Superintendent of Education, Grenada County, Grenada, Mississippi, and in the office of the Architect, Raymond Birchett, 204 North State Street, Jackson, Mississippi. Copies of the plans and specifications may be obtained from the office of the Architect by General Contractors upon deposit of \$45.00 for each set, which will be returned within ten days after date set for opening of bids. Additional sets of plans may be obtained by general contractors and prospective subcontractors upon making a deposit of \$5.00 and paying the cost of reproduction of the drawings. The above applies to the General Drawings, Plumbing and Heating, and Wiring.

Each bidder must submit his proposal on the form provided by the Architect or a duplicate thereof.

Bids will be received on:

1. General Contract - to include wiring.

2. Plumbing and Heating.

Each to be as separate items.

Bids must be accompanied by bid security in the form of cash, bidder's bond or certified check in amount of not less than five per cent (5 percent) of the total amount of the base bid submitted.

The successful bidder will be required to furnish a performance bond in such form and having as surety thereon such surety company or companies as are approved to do business in the state of Mississippi, in the amount of not less than 100 percent of the total amount of the accepted bid.

The attention of the bidder is called to the provisions of Section 15, Chapter 153, Laws of 1944, and House Bill No. 307 of the regular session of the Legislature, 1962.

No bids may be withdrawn after a scheduled time for receipt of bids within a period of fifteen (15) calendar days thereafter.

The owners reserve the right to reject any and all bids, and to waive any informalities.

Too Much Sense, I Hope

I am one of those who, in spite of H-Bombs, think that the people of the world just have too much sense to start using these terrible weapons which even Russia publicly admits, will destroy civilization itself.

I just don't believe that either side (our side or the Soviet side) has nerve enough to start using these things.

Man has been on earth too long to believe that any set of men will start "something" that could easily set the world back for a thousand years.

I don't know how or when, but the two dominant world powers, the U. S. and Russia, will get their heads together and make some agreement NOT to use these bombs.

I still believe that the world, collectively, will not destroy itself.

It ain't so much what Dulles and the President SAY as it is what they continually HINT at. That is American soldiers will soon be in the Indo-chinese War. Get ready for another Korea!! They are right now "conditioning" us for such a war.

Regardless of what the Supreme Court does about segregation in the schools, the races will get along in Mississippi. As Editor Daniels recently said in a speech in New York, we (that is the white folks and the Negroes) "have business together."

Folks in Beat Three would be foolish to get rid of Albert Clark as supervisor as long as Albert can continue to get, as he has been getting for many years, 20 percent of the "car" money to maintain 11 percent of the county's roads which lies in Beat Three.

Thanks to Mrs. J. E. Little of Holcomb for a renewal.

John Lilly, Orley's little boy, is now learning the Morse code.

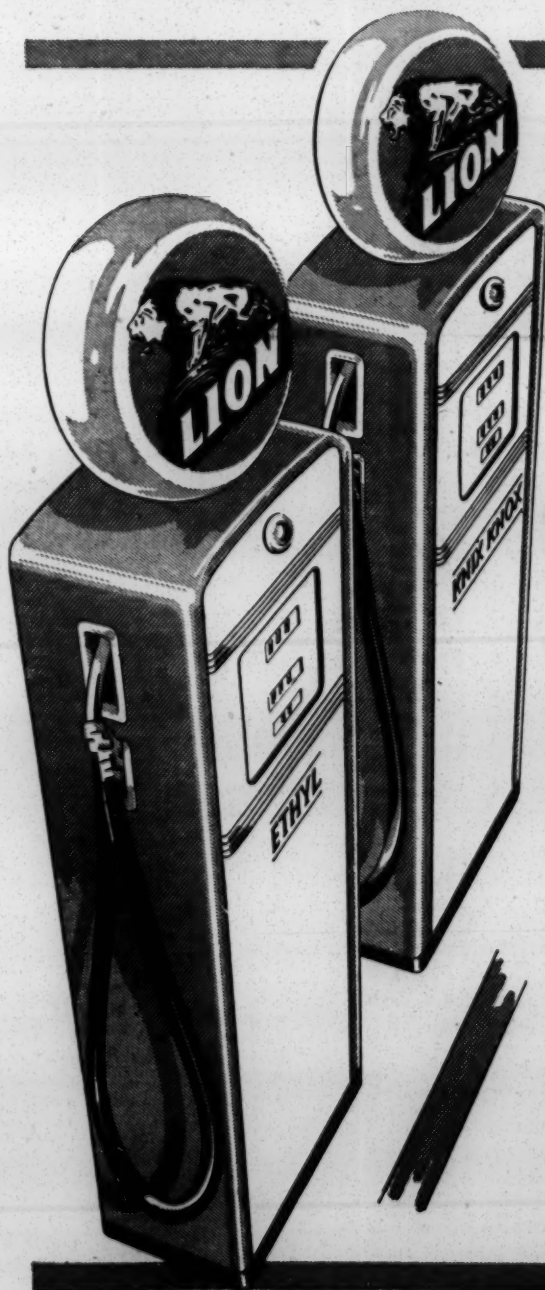

First Mississippi Luggage Presented To Governor

First travel luggage ever manufactured in Mississippi is inspected by Governor and Mrs. Hugh White at the Mansion in Jackson last week where it was presented to them by Sam Holtzman, second from right, president of the Sardis Luggage Company of Sardis. Smiling their approval are, left to right, Mayor R. D. Eberfield of Sardis, William E. Parkdale, director of the Mississippi Agricultural and Industrial Board; Governor and Mrs. White, Mr. Holtzman, and Rex I. Brown, president of Mississippi Power and Light Company, whose company was instrumental in helping secure the industry. Mr. Holtzman explains to the governor that each of the matched pieces of Starlite luggage turned out at the BAWI plant were entirely fabricated by Mississippi labor. The new \$200,000 modern plant is capable of turning out about one case per minute. The luggage, covered in plastic of various colors, is sold nationally through such channels as Sears Roebuck and Company, Macy's in New York, Hudson's in Detroit, and other recognized quality stores. Mor's Luggage Store of Jackson is the first Mississippi store to take on the new Mississippi manufactured line.

Patricia Sage Thrills Audience In Concert Here

On Friday evening, April 2, the auditorium of the Grenada Elementary School was the scene of a concert given by Miss Patricia Sage, gifted pianist, and Miss Jan Rodriguez, dramatic soprano, of Chicago before a well-filled house. More folks would have attended the concert had they not made previous commitments to attend the several affairs already planned for Friday night. A large group of distinguished guests from Bruce, former home of Miss Sage and from Calhoun City, attended.

Mrs. Leila Carr, matron at the Delta Gamma Sorority house chaperoned a group of Miss Sage's sorority sisters from Ole Miss, who attended the concert.

The Womans Auxiliary of All Saints Episcopal Church of Grenada sponsored the concert. The rector, Rev. J. Marshall Frye included words of appreciation and praise in Sundays bulletin for the young artists. He quote: "The young ladies performed with skill and poise, and accomplishment far beyond their years and training. It was remarkable to see in their performance no signs of native children having come home to entertain. Theirs was a professional presentation. We were all delighted."

Guests who were here in the home of Mrs. John Sage and her parents, Mr. and Mrs. John Lufkin were Mrs. E. F. Rodriguez and daughter Miss Jan Rodriguez and Miss Ruth Kristof of Chicago who came to Grenada with the two young ladies. It is of interest, that Miss Kristof is also a concert artist, possessing a fine contralto voice.

Other out of town guests included relatives, Mr. Raymond Sage and four children of Cotton Plant, Ark. He is the brother of the late Mr. John Sage; Dr. and Mrs. C. T. Thompson and son Chris of New Orleans; Mrs. Thompson is a half sister of Miss Patricia Sage; Mr. and Mrs. James Sides and James Jr. of Tuscaloosa, Ala., aunt and uncle of Miss Sage.

After the concert, a small group, including Misses Sage and Rodriguez were welcomed at the lovely home of Mrs. E. L. Wilkins on Margin St.

Exquisite tulips, white in the living room and pink in the dining room, from the hostesses garden, were effectively arranged to decorate the reception rooms. Mrs. Arthur Tenney, daughter of the hostess, assisted her mother receive the guests and later poured coffee or tea.

The beautifully draped table, centered with a low arrangement of pink tulips, held trays of chicken salad sandwiches, small cakes, cheese straws, hors d'oeuvres and a bowl of salted pecans.

Present were Mrs. John Sage and daughter, Miss Patricia, Mrs. E. F. Rodriguez and daughter Miss Jan of Chicago, Miss Ruth Kristof of Chicago; Dr. and Mrs. C. T. Thompson of New Orleans, Mr. Raymond Sage of Cotton Plant, Ark.; Mrs. Roberta Burkley, Mrs. Whyte Whitaker, Mrs. Arthur Tenney and the hostess, Mrs. Wilkins. Also Mrs. Bobby Burkley.

We Are Thankful

In April we give thanks to our Creator for the beautiful downwood trees dressed in full glory, reminding us of the cross our Saviour bore for our sins.

These trees help to make beautiful Highway 8 on which our community is located, one of the most beautiful in the state.

We are grateful to Mr. Bert Grimes for clearing the hill sides near his home from brush and growth, leaving the dogwood to bring cheer to tourists.

May we all help to beautify this fine highway in some way, whether little or big. There are many red buds, tatalupa and other flowering trees and shrubs that need care and would be more beautiful if they only had a little care.

There surely is beauty in these hills and valleys.

TO SPONSOR BIRTHDAY AND ACTIVITY CALENDAR

The Green Thumb Garden Club has hit on a novel idea whereby they will provide townspeople with a Birthday and Activity Calendar.

The calendar will list birthdays of residents on the corresponding day and month as well as dates of club meetings and community events.

The president of the club, Mrs. Ted Revell, III, said that it is a practical calendar which will be referred to many time daily in the home, office, school or place of business.

The calendar is beautiful, like you see now. It gives the dates of the full moon, new moon, quarter moon and last quarter Sundays and Mondays are shown in solid red figures.

All holidays and special observances are shown and named. The birthdays of presidents and other important personages are given.

Outside of that, the calendar is very different. Mrs. Revell said it will contain much information about local events and people.

The idea of the community birthday calendar is to build friendliness and cordial relationship among all the people of the community, in addition to giving valuable local information.

The Green Thumb Garden Club has received a franchise from the Gordon Bunard Co., Inc. of Cincinnati for the promotion of the community birthday and activity calendar.

It is possible to list the names of everyone in the community on the calendar on their birthday. The club will begin soon to take names for the calendar. The calendar will then be printed and distributed in the community. Graduates of the club have a unique record of the birthdays of their friends, friends and business acquaintances as well as a reminder of the important days.

The calendar will be available to local people sometime in June and the club workers will be making an effort to get everyone's birthday on the calendar. With your name on this calendar it is possible to receive a host of birthday cards and gifts.

The funds raised on this project will be announced later.

Federal Excise Taxes on Telephone Service REDUCED

Tax on Long Distance
REDUCED
from 25% to 10%

Tax on Local Service
REDUCED
from 15% to 10%

These are substantial reductions and we know you'll be glad to have them. The full benefit of the tax cuts, voted by Congress, comes to you. Not a penny goes to Southern Bell.

This means your telephone bill is being reduced by the entire difference between the old and the new taxes.

Instead of paying a 25% federal excise tax on Long Distance calls (15% on calls under 25 cents), you now pay 10%. On Local telephone service, your tax is now 10% instead of 15%.

The tax reductions apply to all telephone service billed to you on or after April 1.

With the new, lower tax rates, your telephone is now an even greater value. It brings you a world of convenience at less cost than before — just pennies a day for the average family.

Betrayal

Lesson for April 11, 1954

THERE would have been no crucifixion if there had been no betrayal. At this Good Friday season, it may help us (though it cannot be pleasant) to think a while about the betrayal of Jesus. We never understand the story of the Cross when we think of it as simply a historic event, something that happened once long ago, to other people.

Dr. Foreman of Jesus by Judas is a picture of the way each of us has at some time or other betrayed the Master. Judas was not alone.

Judas Didn't Do Much

The betrayal was such a tremendous thing, really, yet perhaps to Judas at first it did not seem like much. We wonder why Judas could ever have done such a crime, and the answer may be that Judas did not think of it as a crime, beforehand. No doubt the men of the Sanhedrin urged that point on him. We can imagine hearing them say: "Now, Judas, why not? We are not asking you to do anything. All we are after is one fact. Where can we find this Jesus of Nazareth after hours? Where does he spend his nights? We aren't asking you to arrest him, or to strike him or hurt him a particle. All we want is information. What we do with the information, that isn't your affair. Your Master may turn out to be quite innocent of all the charges going around. You'd like to see him cleared, wouldn't you? We'll give him a trial; you surely don't object to justice being done! All we ask of you is one little thing: just tell us where to find him."

They All Forsook Him

Let it be repeated: Judas was not alone. All the apostles had sworn loyalty, and Peter in particular. But given the chance to escape from that garden, they made the most of it. We are told that they ALL forsook him and fled. Every disciple running away into the shadows was just as truly denying Jesus as was Simon Peter there in the courtyard by the fire. Every sound of running feet growing fainter in the distance was just as sickening a sound as was Judas' kiss. Judas was the first traitor but none failed to follow his example. So it is with us. Like Judas, we don't intend to betray Jesus,—we who are Christians. Yet every sin is a turning of the back on him. Every sin is a betrayal of trust. Every sin is the same as saying, "I do not know Jesus." Every sin is a going over to Jesus' enemies. It is lining up with the forces that would destroy Jesus and all that he stood for. Jesus has many friends in the world today, but he also has many enemies. And sin of every sort simply helps Jesus' enemies and hurts Jesus and his cause. Like Judas, we seldom realize what we are getting into, at first. Smooth tongues can make evil look almost benevolent. It was not hard to rope Judas in. Do we, too, make easy victims for the devil?

Judas, Too Late

D. L. Moody's imaginative story tells much of the meaning of the Cross. Christ had just told his disciples to preach the gospel to every creature. "To every creature?" protests Peter. "I saw a soldier cram a garland of thorns down on your forehead till it bled . . . to him?" "Yes," replies Jesus' too him. Tell him that blood was shed for him, too." "To every creature?" asks Peter. "I saw a soldier strike his spear into your side when you were helpless in the very moment of death . . . preach to him?" "Yes," answers the Lord. "to him, too. Tell him there is a nearer way to my heart than that." To every creature—yes, but not to Judas. For him it was too late. Why was it, so many ask, that Judas was not forgiven, while Peter was? Was not Peter also a betrayer? Of course he was. But the difference was that Peter came back to Jesus, but Judas never did. The Christian church believes that Christ died for our sins, and not for ours only but for the sins of the whole world. Yet there are those whom the sacrifice of Christ on the cross does not save. Christ did not save Judas, it is true. But whose was the fault?

COUNTY AGENTS NOTES

Cotton

Chemical weed control on cotton has proved profitable. However, chemical weed control is a precision job and is not recommended unless recommended rates and procedures are carefully followed.

It is best to apply pre-emergence chemicals at planting time. This treatment should control grass in treated bands for three to six weeks. Materials to use are dinitro or C-IPC at the rate of one pound to a pound and a half per acre on light sandy soils and two pounds to two and a half pounds per acre on heavy soil. Research and farmer experience show that dinitro chemicals, under certain moisture and temperature conditions can badly damage or even kill cotton. When the temperature is 85 degrees or higher and excess moisture is present, the dinitro gives off fumes that injure or kill young plants.

Handle all chemicals with care. Follow closely the manufacturers' directions. Treat only a small acreage the first time you try chemical control — not over 20 percent.

Remember, too heavy rates of applications will kill or injure cotton. Successful weed control depends on careful application and advantageous weather conditions. For details of the chemical weed control procedure, see your local county agent.

Pastures

Pasture jobs for April include moving livestock off of all cereal and legume combinations weh hay or sil-

age is to be cut. April is the time to plant sorghum for silage. If your grazing is short, plant Sudan or millet during April for extra early summer grazing.

If not already planted, now is the time to plant Dallis and Bermuda. Remember, it is not too late to top-dress permanent pastures. April is the time to begin weed control program on pastures.

No pasture program is complete without a feed production program. The two go hand in hand. It is a lot cheaper to grow your own feed and have it if and when needed than it is to buy the feed in a bag. Silage and hay are two good feeds to grow. Scatter manure droppings on clover areas and around barn lots. For best results this year, give Johnson grass and winter peas some management.

Visit your nearest Experiment Station and study pasture research being carried out.

-LIBRARY NEWS-

Grenada County Library has just received several copies of 'Books For The Teen Age' published by the New York Public Library for its branches. This is a list of new books and should be very helpful to the teen agers and to parents trying to aid them in book selection. We are very grateful to find how many of the titles are already available on our shelves and have marked those we own on the lists. Additional titles will be added as our funds permits.

wants the best!

And why not? Because the best is usually the most economical, too. Take modern electric cooking, for example. It's not only cleaner, more healthful, more convenient and more efficient . . . it's also more economical. All the heat goes directly into the cooking vessel . . . walls, draperies and utensils stay cleaner longer . . . and there's less shrinkage of expensive meats. Yes, it pays to be modern. It pays to cook electrically. See your electrical appliance dealer today.
